

# PSYCHOLOGICAL CARE CENTER - SONQO

## International Internship

*From June 22nd to July 17th, 2026*

### OBJECTIVES

#### General Objective

Strengthen the skills and abilities of clinical diagnosis and intervention plan from direct observation of cases, group discussion of cases and theoretical deepening of psychopathology and clinical pictures.

#### Specific Objectives

- ✓ Strengthen diagnostic skills and abilities from direct observation of cases and the development of diagnostic impression, comorbid analysis and clinical intervention recommendations.
- ✓ Integrate theoretical and practical knowledge from case discussions.
- ✓ Deepen theoretical and practical knowledge of clinical pictures during case supervisors, as well as in group counseling, seminars and theoretical training.

### ACTIVITIES

#### Anthropological Training

The intern will attend weekly training sessions in which there will be an active discussion of the anthropological bases that define and enable the roadmap in person-centered psychological intervention.

#### Free admission to academic activities

The intern will be able to participate in the different classes and seminars of the Clinical Specialty, led by full-time teachers, national and international guests.

#### Group supervision of cases

The intern will participate in the group discussion sessions actively contributing to the analysis of their assigned cases; adding comments, suggestions and/or observations of the observed sessions.

#### Observation of Gesell camera

Each intern will be assigned individual and group clinical cases; whom she must observe through the observation room during the time she is in Sonqo.

From June 22nd to July 17th

\* The schedule may have slight modifications.

20 hours per week

| Peru Hour  | Hour Sonqo General Schedule for Internship Students * |                         |                   |                         |         |
|------------|---|-------------------------|-------------------|-------------------------|---------|
|            | Monday  | Tuesday                 | Wednesday         | Thursday                | Friday  |
| 8:00 a.m.  |   | Attention at the center |                   | Attention at the center |         |
| 9:00 a.m.  | Clinical class  |                         | Group supervision |                         |         |
| 10:00 a.m. |   |                         |                   |                         |         |
| 11:00 a.m. | Group supervision                                     |                         | Clinical class    |                         | Seminar |
| 12:00 p.m. |   |                         |                   |                         |         |
| 1:00 p.m.  |   |                         |                   |                         |         |
